

### ABOUT ME

Any second in time is worth capturing. I believe in freezing those special moments that you have with your loved ones as you grow and transform throughout time. This belief is what drives me to build everlasting relationships with my clients. I select the best moments from your session and hand-edit each image to create stunning photographs that you can display proudly in your home and treasure for years to come. I am a one-woman show, and a full service photographer. I love being able to start with a clients from the time they get engaged through starting their family and photographing them each year after that. I photograph events, head shots, weddings, newborns, and more.

# PET FRIENDLY SESSIONS

I am 100% pet friendly! The only thing I ask is that you bring someone to help with your pets when they are not in the photos.

Holiday Minis are offered sometime each fall, I usually run a secret special when I launch them. The set for the holiday sessions change each year, but are great for your annual cards to send out to your friends and family. I sometimes also offer other mini sessions in different points of the year.
